**(804) 365-8052**

From: Senior Naval Science Instructor  
To: Cadets and Parents NJROTC School Year 2017-2018

Subj: CADET EXPECTATION LETTER

1. Please read the attached Cadet Expectation Letter for school year 2017-2018. It is important that all parents and cadets fully understand the requirements of this program. After you have reviewed the document, complete this page and return this signed form to the Naval Science Office. This document should be returned completely, **do not** detach lower portion.
2. Since this course is meant to build character, the return of this form is the first graded quiz. Cadets must learn to follow instructions and when asked to complete a task, they must do so without delay.
3. Communication will be made primarily through your cadet but supplemental information may be obtained from the PHHS NJROTC web site [www.phnjrotc.org](http://www.phnjrotc.org). The Senior Naval Science Instructor, LT Jim Head, USN(ret) can be reached at [jhead@hcps.us](mailto:jhead@hcps.us) and the Naval Science Instructors, Master Gunnery Sergeant Franklin Dubose, USMC (ret) [fdubose@hcps.us](mailto:fdubose@hcps.us), Senior Chief Walt Summerfield, USN (ret) [wsummerfield@hcps.us](mailto:wsummerfield@hcps.us). All instructors can be reached by phone at 804-365-8052 and a message can be left on the voice mail.
